

## Temporary Psychologist – 1.0 FTE

Job Number: 20240202-0119

February 2<sup>nd</sup>, 2024

In a Primary Care Network (PCN), a group of family doctors, together with Alberta Health Services coordinate health services for patients. The Highland PCN includes the communities of Airdrie, Beiseker, Carstairs, Crossfield, Didsbury and surrounding areas. The Highland PCN encompasses 23 clinics, 74 physician members and serves over 70,000 patients. Several health care professionals work closely with physicians to support patient care.

As a member of the PCN's Health Team, the Psychologist is responsible for assessment, intervention, and consultation services to support youth and families, chronic pain patients as well as adults with mental illness. This position includes the provision of patient and family care, assessment, provisional diagnosis, treatment, care coordination, patient education, consultation and collaboration for adults, children, and youth. This role works in partnership with other health professionals, including family physicians. A strong understanding of child, youth and adult mental health programs, community resources, and the ability to refer and liaise with these services is required.
